POST Telecom is part of POST Luxembourg Group (formerly P&T Luxembourg and LUXGSM). Founded in 1842, it is now wholly owned by the Luxembourg government. A company with an international outlook, its diverse 4,000-member workforce represents 27 different nationalities. Delivering postal, financial and ICT services, POST Luxembourg Group has a well-established reputation in Luxembourg and is widely respected as an innovative, forward-thinking company. Its vision is to facilitate communication and ease the transfer of data and content between individuals and companies.

After a long experience in Luxembourg major law firms and “Big Four” firms, we created in 2007 a niche firm specializing in specific areas of business law such as tax law, corporate law, financial law, real estate law and regulatory matters. We provide services only to high-end institutional investors and individuals including private equity funds investing in renewable energy, infrastructures assets (airport, motorway, gas processing and distribution business, power and energy investments, etc) but also in office or retail buildings (located in Luxembourg or abroad).

Paris COP21 – A Turning Point For Clean Technologies? This successful event on the 29th September 2015 was attended by nearly 60 guests. We thank Mr Camille Gira, Luxembourg’s State Secretary for Sustainable Development for an insightful keynote speech. We also thank our fantastic speakers who shared their business perspective on the Polish and Luxembourgish future after Paris COP21. Discussion continued well into the evening.
